

## **What's On – Fresher's 2017!**

Hello, I'm Kim and I'm the Social Rep on the Student Union. Not only is it my job to organise parties throughout the year but also to organise your Freshers' Week!

Congratulations, you've made it! What better way to celebrate your success than to throw yourself into a week of activities with your fellow freshers before starting your studies here at the AECC.

It all kicks off on Monday 11 September with your formal induction into the college during the day and big get together in our very own Toggler's arms bar that night. Other activities include Pub Golf, water activity day, beach day and start of term party just to name a few.

As AECC University College students, we work hard but we party hard too. Freshers' Week will give you a taste of what is to come over the next few years for you. It will be the time where you make friends and memories to keep forever, so we recommend that you get involved as much as you can!

Two types of Freshers' wristbands will be available to purchase -  
SILVER- will entitle you to attend all of the events excluding the activity day.  
GOLD- will entitle you to attend all of the events including activity day.

The water activity day involves team work. It is a traditional event that has been a part of the college's Freshers' Week for many years. It's the day that people make the most friends and actually remember the names of their friends too. So we highly recommend the gold wristband.

Freshers' Week is a whole load of fun, however, there is some small print to it. You've got to remember that when you go out in the town, you are representing the college, so please drink responsibly and don't do anything too crazy.

If you don't feel like drinking, it's not a problem, just let your marshal know. There's plenty of non-drinking activities too, so please do come along and get involved.

If you just can't wait 'til Freshers' Week to meet your fellow colleagues, find them on Facebook by searching the group [AECC FRESHERS 2017](https://www.facebook.com/groups/263014964104629/) (<https://www.facebook.com/groups/263014964104629/>). I will be posting bulletins and updates regarding the events on there.

And finally, if you have any questions about Freshers' Week 2017, the social life of the AECC University College or for any information about anything at all, please drop me an email.

See you soon,

Kim

**Students' Union Social Representative**
